WILL CUT OFF AN EAR.

Proposed Treatment of "Unfair Workmen" Revealed by a Minister.

MORE STONES HURLED AT SOLDIERS.

President Mitchell Says That an Appeal Will Be Made to President Roosevelt For West Virginia Miners.

Shenandoah, Pa., Aug. 8.-The Rev. Charles Edwards, pastor of the Presin his congregation, which is made up principally of mine workers, have informed him that foreigners have determined to cut off an ear of every man who returns to work so that they will forever be marked as "unfair workmen." Mr. Edwards says his young men are in a position to know and he believes the story. The foreigners think this is the easiest method for preventing attempts to break the strike.

Throwing of stones at the troops were repeated. This time the attack was not made on the camp but against the provost guards stationed at the Pennsylvania railroad station near one of the foreign colleries in the southern part of the town. Brigadicr General Gobin was requested by the town authorities to send a company of men to that locality because of the disorders that had occurred. Captain Rice of the Eighth was on duty there ail night and the colonel of the regiment said the company was greeted the railroad station. The captain immediately placed a detail of men in hefore the soldiers reached the top of the hili.

An intoxicated coal and iron policearound the camp, looking for the man Illinois, chairman of the house com him and they soon disappeared. The Governor's troop of cavalry took a practice march of about 15 or 20 miles through the Mahanoy valley. Everything is quiet in the region.

Tracy Relics Picked Up.

Spokane, Wash., Aug. 8 .- When the shcriff, with the body of Tracy, drove through Davenport, hundreds of persons followed up the street and crowded about the wagon. By the time the wagon reached the morgue the streets were crowded and from every corner could be heard "Three shouts for Lincoin county." The town was wild. The morgue doors had to be closed and the crowd was asked to stand back. Many locks of the outlaw's hair were carried away, and in some places his head had been made bald. His trousers were cut into strips and before they were divided, they were cut into smailer pieces. Many of Tracy's cartridges were divided among the members of the posse and those that could get at the buckskin bag.

About Cuban Loan.

Havana, Aug. 8 .- The Platt amendment and the Cuban constitution can be complied with high officials here say. Congress of the United States not having approved reciprocity cannot prevent Cubans seeking money to face the existing crisis and pay recognized and valid debts. It is the intention to negotiate a proper ioan in the United States. The bonds will be payable in American gold and are to be advertised in New York. There is no intention to contract debt with Europe which might cause difficulties for Cuba or the United States. It is believed the ioan proposition can be brought within the provisions of the veto the bill.

Colonel Bryan is reported as saying that if the Democratic party should decide that he was the man to lead the ticket he could not honorably refuse to run a thrid time.

LIST OF VISITORS

And Their Missions With President Roosevelt at Sagamore Hill.

Oyster Bay, N. Y., Aug. 8 .- President and Mrs. Roosevelt arrived at Sagamore Hili. The Sylph reached Desire to Let Government Known How the bay during the night but no attcmpt was made to land her passengers. The trip from Block island sound was made without incident.

The president had a number of guests at luncheon. Senator Platt of Connecticut, Mr. Phelps, secretary to the governor of Connecticut, and Mr. Clark of the Hartford Current came to talk over the political situation in their state with the president. Representative Jesse Overstreet of Indiana, one of the members of the conbyterian church here and formerly gressional campaign committee, disstate president of the Young Men's cussed with the president the political lands in the Philippines and as to ed-Bible society, said that the young men situation generally, so far as it re- ucation in the insular possessions was lates to the congressional elections in too, regarding the latter's proposed visit to Indiana in September.

Senator Stewart of Nevada discussed briefly with the president some western matters in which he is interested. Others present were General James Clarkson of Iowa, Representative James S. Sherman and Lucien N. Littaure of New York and former State Schator John Laughlin of Buf- fore him.

Order For Foreign Rails. New York, Aug. 8.—So great is the pressure of steel rail orders in this country that an American railroad, according to reliable reports has been compelied, says the Iron Age, to place a substantial contract abroad in order to secure satisfactory delivery. The report, which is not officially confirmed, however, says an order for close to 50,000 tons of steel rails for delivery to the Pacific coast has gone if they had we would not be here, to a German rail maker. It is understood the Southern Pacific and Union Pacific companies together needed 100,000 tons, but that the American miils are unable to meet the requirements as to deliveries on all the

He alked to the president, morning session of the convention of the American Federation of Catholic societies. The resolution on the Philippines was discussed by a number of prominent clerical and iay delegates, in particular by Father O'Reilly, the Augustinian friar who called upon President Roosevent some time ago as a representative of the order to lay the Catholic view of the question be-

Bishops Messmer and McFaul and Alphonse Koebel of New York also addressed the convention on the question. Father O'Reilly said he thought he voiced the sentiment of the convention when he said it was the place of the federation to enlighten the government as to the true situation in the Philippines. Men, he said, whose duty it was to inform the administration impartially had been blind to true conditions. How was there to be official knowledge of the Catholic view of the matter uniess this convention let the government know how the Catholics in general stood on the matthen the department of state, he said, and there could be no possible doubt erate with the vatican without friction to the amicable settlement of the controversy.

The convention decided not to send delegates to the Catholic anti-saloon convention at Washington, D. C., on

After further discussion the resolution on the Philippines question embodying words of sympathy and support for the friars, confidence in the United States government and requestions and condemnation of the unfavorable reports circulated about the friars was passed.

Andrews Cross-Examined.

Detroit, Aug. 8.-The cross-examination of Frank C. Andrews, who is on trial charged with misappropriating funds of the wrecked City Savings bank was continued by Assistant Prosecutor Merriam. Questioning Andrews as to the examination of the bank by the directors July 16, 1901; the prosecutor drew from him the statement man. that the collateral to the notes held by the bank was not examined. Andrews admitted that an examination of collaterals was proper, but insisted that it was not necessary. "I have never seen the directors go into that phase of an examination," Andrews declared. "We appreciate that fact; shot back Mr. Merriam.

Specimens of Fish.

San Francisco, Aug. 8.-President David Starr Jordan of Stanford uni versity, who has been exploring the south seas for the last few months for specimens of fish from the coral reefs, in conjunction with a surveying party sent out by the United States 'fish commission makes a gratifying report. In the bay of Apia, Samoa, 453 distinct varieties of fish have been found, many of them previously unknown to scientists. This is the first time that

EXTRA ATTRACTIONS OFFERED

To Draw a Big Crowd to the Republican Convention Here August 14th.

(Enquirer.)

The Republican politicians from Kenon and Campbell counties who attend the Appellate and Congressional conventions at Mnysville, Ky., on Ang. 14th, will be accorded a reception that will doubtless prove a surprise to them.

The Republicans of Mason County propose to make the convention one long to spect for its attitude toward Catholic delegate who attends will be shown a good time.

Mr. Charles L. Gray, of Augusta, the Republican candidate for Railroad Commissioner in that district, was here Wednesday, and he stated that the First Regiment Band of Cincinnati had been engaged for the occasion, and that the delegates would be well cared for.

At this joint convention it is expected that Judge James C. Wright, of Newport, here. and Senator Cox, of Maysville, will be nominated for the Appellate Bench and

REPLY OF MR. BALFOUR

In Regard to the Attitude of Government on Shipping Combine.

DECLINED TO DISCUSS THE TERMS.

The Premier Promises to Take Parliament Into His Confidence as Soon as the Matter Is Satisfactorily Arranged.

London, Aug. 8.-Replying in the house of commons to a request of Lord Charies Beresford for assurance that no binding agreement would be concluded between the government and the shipping combination without the agreement being approved by parliament, the premier, A. J. Balfour,

"I do not think it possible to negotiate on this or any other subject if the proposed terms are to be publicly discussed before the government has agreed to them. The government, however, is most auxious to take the house into its confidence at the earliest possible moment.'

Mr. Balfour's reply has particular interest, as Belfast dispatches announce that the government accepted J. P. Morgan's offer to give the admiralty claim on all the combine ships. As evidence of the acceptance, it is stated that the government has chartered the Corinthic, the first ship built for the combine, which has just been completed at the Harland Wolfe

Belief is general that J. Pierpont Morgan's offer practically has been accepted by the government. The Belfast dispatch may slightly antleipate the technicalities required to close the agreement, or may not allow for changes inserted since the offer was originally made, but there appears to be little doubt that the spirit of the scheme is acceptable to the cabinet. J. P. Morgan and Company. when asked concerning the reported agreement, adopted the same noncommittal attitude as Premier Balfour.

No Change.

New Haven, Conn., Aug. 8 .- The strike of the 400 conductors and motromen of the Fairhaven and Westville Railroad company continues unchanged and a 90-mile system is paralyzed. No passenger cars were runbe remembered, and every politician and ning, traffic being confined to the operation of a single mail car. The night brought practically no new developments except those arising from the attempts of citizens and officials and organizations to bring about arbitration. There was no disorder. IT is rather strange that the Republicans should take off their hate and shout most loudly in behalf of Roosevelt's pub-I city recommendations against the trusts when it is remembered that on the 15th of last February every Republican Senator voted against an amendment embodying those very ideas.

Some of the good citizens of Maysville, and among them big taxpayers, and who live west of Limestone creek, think it would be a wise move on the part of Council to plan for extending Third street across the bottom to Forest avenue. They say the route should he laid out by a competent engineer and then the work of making the fill could be done gradually, as the Second street extension was made.

LITTLEFIELD'S LOOP.

The Hon. Charlie Littlefield, the Republican party's Maine trust-buster, during the dving days of the past session of Congress, stated by indirection that Admiral Schley was a coward, who "made a loop and escaped danger." It is the same Mr. Littlefield who now comes out in print over his signature and makes a direct loop all around his own record on the trust question. The "constitutional amendment" farce for the regulation of trusts the Republicans tried to deceive the people with in the Fifty-sixth Congress, like the "impotent" publicity fake that is at the present time serving the same purpose, had as its chief advocate and defender this mighty man from Maine. In a recent issue of Leslie's Weekly Magazine, Mr. Littlefield makes a most remarkable loop in the following cago. language: "I can not say that I am at this time in favor of a Constitutional amendment broadening the powers of Springs. Congress." And then this distinguished "trust-huster" proceeds to give his reasone, and strange to say those reasons are the very same the Democrats brought forth for not supporting Mr. Littlefield's Clark Rogers. Constitutional amendment. Is the Malne "trust-buster" making an anti-trust loop visiting her aunt Mrs. E. J. Thompson, to avoid political danger

A year ago navigation was suspended at this time, and the big hoats were all laid up for weeks.

Cincinnati Commercial Tribune: "The Ohio river from Pittsburg to Cairo affords a waterway about 1,000 miles in length. It is navigable for boats drawing six feet of water, about one-half of the year; to an age averages a little over 15,000,000 ton annually, which is the largest tonnage carried by an inland waterway in the United States. If the Ohio were business. navigable at all seasons, its tonnage would be indefinitely increased."

ITPAVS

THIS STORE!

Don't be satisfied with the bits of news we print in the papers. For many reasons some of our best bargains never get into print. Some time the lots are small and are snapped up before they're fairly on our counters. Again, there are so many things to advertise, before we find space for a certain bargain its ranks are so depleted we haven't the ad quantity necessary. When you are down town step in and ask to see the day's bargain. That is the best way as now is the halcyon time for money savers. Special inducements must be offered to coax trade. Watch our advertising space of course and our window hut above all vielt the store to see and examine the saving opportunities we create for you daily. For instance: If we were to give you merely your money's worth we would charge 7½c. for this sixteen-inch bleached crash but we give nearly double your money's worth when we say 4c. a yard. The crash is neatly hordered in blue and is a close, firm, even weave.

Vomen's Run-About Skirts!

Hardly a month passes without our adding to the stock of utility Skirts, though judging by what shoppers tell us we might double the time without any additions and still have the most satisfactory stock in town. You notice we do not say the biggest stock. We don't aim for that. We never buy a great quantity at a time, only enough to be sure of fitting you for the well groomed woman to-day demands the same perfection of fit in a skirt that she does in a waist. And that is what she will find in these beautiful tailored skirts of black or dark gray cheviot. Seams are heavily stitched; also edge of flared sunburst flounce. We'd like to whisper the price for until you see the skirts you won't believe it possible to buy such perfection of quality, fit and finish

Sudden Death of Mr. Samuel T. McDonald. Mr. Samuel T. McDonald died very suddenly Thursday afternoon at his home near the Sixth ward school house, of heart disease. He had been suffering for some time from this and dropsical troubles. Mr. McDonald was about fiftyeight years of age and is survived by his wife and nine children. The funeral will take place this afternoon about 5 o'clock at the home. Burial iu the Maysville Cemetery.

Automobile Lost Off the Steamer Stanley. An automobile was lost off the steamer Stanley shortly before 1 o'clock this morning near the head of Charleston Bar. The Stanley was bound for Pomeroy. It was not learned just how the machine happened to get away from the crew, but the auto plunged into the Ohio' somewhere near the head of the bar named. It will probably be recovered some time to-day.

The arc light at Second and Sutton streets fell shortly afternoon Thursday, the globe and other breakable material being shattered. The trimmer was engaged in lowering or raising it at the time, and the accident was caused by the pole wire breaking. The lamp came within a few feet of striking some children who were passing.

Right Paris Green.

It's a waste of time and money to use poor Paris Green on your tobacco plants. We are particular about this article. We handle a brand that we know to be absolutely pure and reliable. It goes farther and does more than the ordinary kinds and it costs you no more than the inferior grades. Large buying and close selling makes it possible for us to sell a better Paris Green for the same price as the poor kind.
